

# FIRST ANNOUNCEMENT

## FERTILITY AFRICA IN AFRICA, FOR AFRICA & BEYOND

CAPE TOWN, SOUTH AFRICA • 27-28 APRIL 2020

## We are delighted to invite you to Fertility Africa

The meeting that will bring together Africa in the field of Reproductive Medicine

On behalf of the three hosts **SASREG**, **ANARA** and **AFFS**, we invite you to come to Cape Town for three days and for three reasons: *to share science, to build and celebrate our reproductive networks, and to set goals for reproductive health and ART in Africa.*

The meeting will be held at the beautiful **Breakwater Lodge and Conference Venue** in the **Victoria and Alfred Waterfront, Cape Town**. Light and spacious conference facilities are accompanied by elegant options for accommodation on-site or nearby, against a backdrop of our vibrant waterfront and, of course, Table Mountain.

We will present a stimulating scientific programme of interest to all working in the field of infertility and ART and one that is relevant to Africa. The social programme will present ample opportunity to enjoy and build relationships and strengthen our networks.

**We look forward to welcoming you personally to Fertility Africa!**

Dr Paul le Roux
